

Introducing...the benefits of the BFCU Visa® Check Card, the ATM card that acts like a check!

This new card is an upgrade to your current SafeCard® -- just another way we are striving to provide you with extraordinary service anytime, anywhere. As a valued checking account holder, we know that you will enjoy all the convenience that the BFCU Visa Check Card has to offer.

Convenient -- use your new card right away

This BFCU Visa Check Card replaces your SafeCard, so you should start using it right away. Your Personal Identification Number (PIN) remains the same, but we will send a mailer to you in a few days, just to confirm your PIN. Please note that your SafeCard will expire within 30 days of receiving this new Visa Check Card.

Looks like a credit card -- acts like a check

When you use your new BFCU Visa Check Card to make purchases anywhere you see the Visa logo, the amount of your purchase is automatically deducted from your checking account. There are no more checks to write -- no more waiting at the register for check approvals!

It's an ATM card too

Your BFCU Visa Check Card entitles you to free ATM withdrawals at all BFCU, Shared Service Center and King Kullen ATMs. And you also get six free network ATM withdrawals monthly -- ten free when you have direct deposit. Plus, your BFCU Visa Check Card gives you access to over 200,000 ATMs nationwide.

We're here for you
